

IndEx's Endorsed Payment Processing Partner

EVO B2B, formerly Sterling B2B Group, provides IndEx members with innovative payment solutions, transparency, and dedicated business support. We reduce costs and increase cash flow through automated and streamlined payment solutions.

TOTAL BUSINESS SOLUTIONS

EVO B2B's consultative approach provides a thorough analysis of your company's current payment process and offers customized solutions.

We combine powerful payment technology with custom integrations into the accounting and business software solutions your company currently uses, serving as an essential piece of your financial automation plan. Every day, we provide thousands of customers with AR efficiency gains and the ability to accept B2B payments for the lowest overall cost over any other method.

TRANSPARENCY THAT COUNTS

EVO B2B is completely transparent in everything we do.

From initial analysis through implementation, we are dedicated to the most transparent, value-added business relationships with B2B companies worldwide.

SERVICE AND SECURITY

Our advanced business support team, available 24/7/365, provides industry-leading service to IndEx members.

From on-boarding through ongoing account management, we are dedicated to a single point of contact for support, PCI compliance guidance, and extensive reviews throughout our relationship. Our commitment to providing the best levels of service and highest security standards for business payments gives us an industry-leading retention rate of 96%.
