

# Dormont®

A WATTS Brand

## Snap. Swivel. Safe.

Optimize Your Commercial Kitchen for Convenience, Efficiency and Safety

### SnapFast®

Improves productivity for faster equipment maintenance and cleaning. The only one-handed quick disconnect fitting with thermal shut-off valve for added safety.

### Swivel MAX®

360° multi-plane rotational fitting. Reduces hose stress and provides ultimate equipment mobility.

### Blue Hose®

The most trusted and innovative solution with patented Stress Guard® technology.

### Safety Quik®

Prevents disconnection of Blue Hose while gas is flowing. Valve handle cannot rotate to an open flow position while Blue Hose is disconnected. Maximizes safety.

40 Years of  
Proven Performance

Proud to be an  
American Manufacturer

### Safety-Set®

Positioning system ensures appliances are returned to their precise location under ventilation and fire suppression systems.
