

LET'S WORK TOGETHER ON YOUR NEXT PROJECT

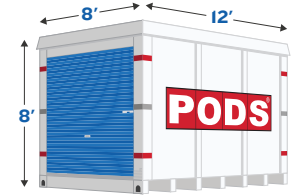

Commercial kitchen projects just got easier. Not working on kitchens this week? No problem. PODS Storage Containers are the ideal flexible solution for more than just your complicated food service equipment repair.

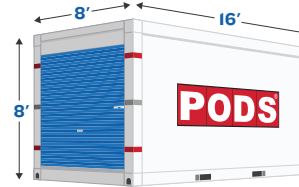

3 CONTAINER SIZES— EACH FIT IN A SINGLE PARKING SPACE

7' Container
Cubic Feet: 385

12' Container**
Cubic Feet: 689

16' Container
Cubic Feet: 827

PODZILLA®
Our Patented Lift System

THE PODS DIFFERENCE

Simplify complicated projects and better manage buildout costs by moving any kitchen equipment into our portable storage containers until your projects are completed. You'll stay in budget with our monthly billing cycle and flexible service scheduling.

SECURE STORAGE CONTAINERS

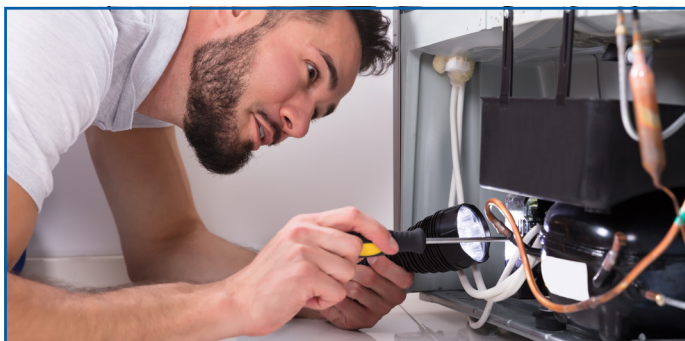

Move clutter out of the way by using portable storage containers to store kitchen appliances, furniture, non-perishable food. Or, use them to keep tools and construction materials close at hand. Our storage containers have high-security locking features and weather-resistant design to protect valuable items from theft and outdoor elements.

CROSS-COUNTRY TRANSPORT

Whether locally or long-distance, our storage containers can be delivered to a designated project location and placed on-site for easy access — or they can be kept off-site at your nearest indoor PODS Storage Center. Our nationwide trucking fleet can transport loaded containers to multiple locations to streamline distribution for projects.

SOLUTIONS FOR YOUR PROJECT NEEDS

- INSTALLATIONS
- RENOVATIONS & REMODELS
- INVENTORY MANAGEMENT
- ROLLOUTS
- MULTI-LOCATION DELIVERY
